

# DuPont Fire Extinguishants

## FAMILY OF PRODUCTS

### DuPont™ FM-200®

#### DuPont™ FM-200®

DuPont™ FM-200® is the world's most widely specified waterless fire suppressant, and the most cost effective clean agent extinguishant for total flooding applications. FM-200® is ideal for new construction, major renovations or Halon replacement projects, and safe for people while providing maximum protection.

### DuPont™ FE-36™

#### DuPont™ FE-36™

DuPont™ FE-36™ is the standard in-kind replacement for Halon 1211 in portable fire extinguishers. DuPont™ FE-36™ has comparable performance and efficiency to Halon 1211, as well as zero ozone depletion potential.

### DuPont™ FE-25™

#### DuPont™ FE-25™

DuPont™ FE-25™ can replace Halon 1301 in existing systems, with minimal system modifications. With DuPont™ FE-25™, you get the easiest, most cost-effective method of removing Halon 1301 while maintaining the main structure of the system.

### DuPont™ FE-13™

#### DuPont™ FE-13™

DuPont™ FE-13™ is the preferred alternative in niche total flooding applications where the protected spaces are large, the cylinder storage area is remote from the protected space, or where the temperatures are likely to go below 0°C (32°F).
